WHY DART ?

With enthusiasm and innovation, we serve your software needs.

Since our inception in 2019, we have provided services all around the world.

We offer high-quality services at reasonable prices.

VISION

Consistently add value to our clients' lives by providing cutting-edge technology solutions that empower them to excel.

MISSION

Dart is committed on understanding how changing market conditions and technologies impact our customers and how we may effectively work together to adapt and grow in an ever-changing world.

ABOUT DART

Dart began operations in 2019. Our headquarters is located in Dubai.

Dart has branch office in UAE's capital city, Abu Dhabi. We are dedicated to providing high-quality IT solutions that meet international standards while remaining cost-effective.

We serve as technology partners to our clients. We have served clients from Bahrain, India, Iraq, Kuwait, Malaysia, Qatar, Saudi Arabia, the United Arab Emirates, the United Kingdom, and the United States of America.

ERP FROM DART

We are the leading customized ERP software providers in Entire GCC. Our ERP software helps to manage various business management tasks like Accounting, Project Management, HR, Payroll Management, and many more. We provide customized ERP solutions for any industry such as Automobile, Trading, Manufacturing and Distribution, Textiles, Construction, Contracting, etc.

DART CAFE

Dart Café - Restaurant end to end functions helps to manage entire operations.

Dart software modules include e-commerce, sales, purchase modules, attendance management, inventory management, and financial accounting, etc.
